THE BARTHELASSE ISLAND BIKE TOUR

AVIGNON TOURIST OFFICE - Avignon, Vaucluse

@EmpreinteD'ailleurs

Reboul @C.Moïrenc

@A.Hocquel.VPA

Situated in the middle of the river Rhône, just a few minutes away from the old town of Avignon, the Barthelasse island is the largest river island in Europe.

At the foot of the city, the island provides 1,800 acres of peace and greenery, a golden opportunity for you to take a green break during your stay in Avignon.

With this three hours guided bike tour, you will explore the most picturesque and the wildest parts of the island.

Meet the locals and try the specialties while stopping at two different charming places : the Reboule farmland, run by the same family for generations and the Manguin distillery , founded in the fourties by Claude Manguin, son of Henri Manguin , an important Fauvist painter.
